Resolution of litigation

Akers Biosciences, Inc. (the "Company")

The Company is pleased to announce that it has agreed terms for the full and final settlement of an action brought by CTS Distributing, Inc. ("CTS") against the Company. The settlement consists of a payment to CTS of US \$50,000 and the issue of 500,000 common shares in the Company to CTS. The shares will be subject to certain lock-in conditions for a period of 15 months from issue.

Application has therefore been made to the London Stock Exchange for the new shares to be admitted to trading on AIM, which is expected to take place on 11 January 2008.

Following admission, the Company will have 66,592,569 voting ordinary shares in issue.
